

Clime Australian Income Fund

Investment Report - December 2015

Investment Objective

The Fund aims to achieve a return of at least 3% p.a. above the average 1 year term deposit rate and to minimise volatility and thus maximise capital stability and protection.

Investment Strategy

The Clime Australian Income Fund (Fund) seeks to provide an income stream above term deposits from a portfolio of Australian listed and unlisted securities, with a view to capital preservation.

The Fund's goal is to select high quality individual investments that allow the creation of a best ideas portfolio for income generation. Portfolio returns are likely to be added to by franking credits.
