Directors' declaration

Independent auditor's report to the unit holders of Clime Australian Income Fund

This annual report covers Clime Australian Income Fund as an individual entity.

The Responsible Entity of Clime Australian Income Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975).

The Responsible Entity's registered office is:

Level 1, 575 Bourke Street,
Melbourne, VIC 3000.

Directors' report

The directors of Equity Trustees Limited, the Responsible Entity of Clime Australian Income Fund (the "Fund"), present their report together with the financial statements of the Fund for the year ended 30 June 2020.

Principal activities

The Fund invests in a diversified portfolio of companies listed on the Australian Securities Exchange, listed hybrids and fixed interest securities in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The Fund did not have any employees during the year.

There were no significant changes in the nature of the Fund's activities during the year.

The various service providers for the Fund are detailed below:

Service	Provider
Responsible Entity	Equity Trustees Limited
Investment Manager	Clime Asset Management Pty Limited
Custodian	JP Morgan Chase Bank N.A. (Sydney Branch)
Administrator	Mainstream Fund Services Pty Ltd
Statutory Auditor	Pitcher Partners Sydney

Directors

The following persons held office as directors of Equity Trustees Limited during or since the end of the year and up to the date of this report:

Philip D Gentry	(Chairman)
Harvey H Kalman	(resigned 1 September 2020)
Ian C Westley	(resigned 3 July 2020)
Michael J O'Brien	
Russell W Beasley	(appointed 1 September 2020)

Review and results of operations

During the year, the Fund continued to invest funds in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The Fund's performance was -2.2% (net of fees) for the year ended 30 June 2020. The Fund's benchmark, the Reserve Bank Australia (RBA) cash rate +3% returned 3.7% for the same period.

The performance of the Fund, as represented by the results of its operations, was as follows:

	Year ended	
	30 June 2020	30 June 2019
Operating profit /(loss) for the year (\$'000)	(1,216)	1,497
Wholesale Class		
Distributions paid and payable (\$'000)	887	996
Distributions (cents per unit)	2.9240	5.0854
Retail Class		
Distributions paid and payable (\$'000)	25	-
Distributions (cents per unit)	1.9771	-

Significant changes in the state of affairs

A second class of units, named Retail Clients, has been issued on 1 July 2019 under a separate Product Disclosure Statement.

In the opinion of the directors, there were no other significant changes in the state of affairs of the Fund that occurred during the financial year.

Directors' report (continued)

Matters subsequent to the end of the financial year

Ian C. Westley resigned as director of Equity Trustees Limited on 3 July 2020.

Harvey H Kalman resigned as a director of Equity Trustees Limited on 1 September 2020.

Russell W Beasley was appointed as a director of Equity Trustees Limited on 1 September 2020.

No other matter or circumstance has arisen since 30 June 2020 that has significantly affected, or may have a significant effect on:

- i. the operations of the Fund in future financial years; or
- ii. the results of those operations in future financial years; or
- iii. the state of affairs of the Fund in future financial years.

Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the Product Disclosure Statement and the provisions of the Fund's Constitution.

COVID-19 Outbreak

In March 2020, the World Health Organisation (WHO) officially declared COVID-19 a pandemic.

The Directors and the Investment Manager acknowledge the current outbreak of COVID-19 and the increased market volatility it has created within the markets the Fund operates. This volatility has had a corresponding impact on the fair value of the Fund's investment portfolio both during the financial year as well as subsequent to the reporting date.

The Responsibility Entity and Investment Manager are monitoring developments closely, noting that given the nature of the outbreak and the ongoing developments, there is a high degree of uncertainty and therefore it is not possible at this time to predict the extent and nature of the overall future impact on the Fund. The Investment Manager however, actively manages the financial risks that the Fund is exposed to, with the approach outlined further within Note 3 of these Financial Statements and the Net Asset Values of the Fund continue to be valued in accordance with the frequency set out in the Fund's Offer Documents, applying valuation policies reflective of the prevailing market conditions.

The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Indemnification and insurance of officers

No insurance premiums are paid for out of the assets of the Fund in regards to insurance cover provided to the officers of Equity Trustees Limited. So long as the officers of Equity Trustees Limited act in accordance with the Fund's Constitution and the Law, the officers remain indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund.

Indemnification of auditor

The auditor of the Fund is in no way indemnified out of the assets of the Fund.

Fees paid to and interests held in the Fund by the Responsible Entity and its associates

Fees paid to the Responsible Entity and its associates out of Fund property during the year are disclosed in Note 14 to the financial statements.

No fees were paid out of Fund property to the directors of the Responsible Entity during the year.

The number of interests in the Fund held by the Responsible Entity or its associates as at the end of the financial year are disclosed in Note 14 to the financial statements.

Directors' report (continued)

Interests in the Fund

The movement in units on issue in the Fund during the year is disclosed in Note 7 to the financial statements.

The value of the Fund's assets and liabilities is disclosed in the statement of financial position and derived using the basis set out in Note 2 to the financial statements.

Environmental regulation

The operations of the Fund are not subject to any particular or significant environmental regulations under Commonwealth, State or Territory law.

Rounding of amounts to the nearest thousand dollars

Amounts in the Directors' report have been rounded to the nearest thousand dollars in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, unless otherwise indicated.

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

This report is made in accordance with a resolution of the directors of Equity Trustees Limited through a delegated authority given by Equity Trustees Limited's Board.

Philip D Gentry
Chairman

Melbourne
23 September 2020

**Auditor's Independence Declaration
To the Directors of Equity Trustees Limited
As Responsible Entity of Clime Australian Income Fund
ARSN 633 255 099**

In relation to the independent audit of the financial report of Clime Australian Income Fund for the year ended 30 June 2020, I declare to the best of my knowledge and belief there have been:

- (i) No contraventions of the auditor independence requirements of the *Corporations Act 2001*; and
- (ii) No contraventions of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)*.

Clime Australian Income Fund
Statement of comprehensive income
For the year ended 30 June 2020

Statement of comprehensive income

	Note	Year ended	
		30 June 2020 \$'000	30 June 2019 \$'000
Investment income			
Interest income received from financial assets at fair value through profit or loss		584	514
Interest income received from financial assets at amortised cost		51	37
Dividend and distribution income		566	461
Net gains/(losses) on financial instruments at fair value through profit or loss	5	(2,015)	763
Other income		75	4
Total investment income/(loss)		<u>(739)</u>	<u>1,779</u>
Expenses			
Management fees	14	360	210
Transaction costs		6	5
Other expenses		111	67
Total expenses		<u>477</u>	<u>282</u>
Operating profit/(loss) for the year		<u>(1,216)</u>	<u>1,497</u>
Finance costs attributable to unit holders			
Distributions to unit holders	8	(912)	-
(Increase)/decrease in net assets attributable to unit holders*	7	2,128	-
Profit/(loss) for the year		<u>-</u>	<u>1,497</u>
Other comprehensive income		-	-
Total comprehensive income for the year		<u>-</u>	<u>1,497</u>

* Net assets attributable to unit holders are reclassified from equity to liability from 1 July 2019. As a result, the Fund's distributions are classified as finance costs in the statement of comprehensive income. Refer to Note 1 for further detail.

The above statement of comprehensive income should be read in conjunction with the accompanying notes.

Statement of financial position

		As at	
		30 June 2020	30 June 2019
	Note	\$'000	\$'000
Assets			
Cash and cash equivalents	9	7,624	3,184
Receivables	11	174	163
Financial assets at fair value through profit or loss	6	<u>30,920</u>	<u>21,025</u>
Total assets		<u>38,718</u>	<u>24,372</u>
Liabilities			
Distributions payable	8	435	547
Payables	12	37	25
Due to brokers - payable for securities purchased		<u>499</u>	<u>-</u>
Total liabilities (30 June 2020: excluding net assets attributable to unit holders)		<u>971</u>	<u>572</u>
Net assets attributable to unit holders – liability *	7	37,747	-
Net assets attributable to unit holders – equity *	7	<u>-</u>	<u>23,800</u>

* Net assets attributable to unit holders are classified as liability at 30 June 2020 and as equity at 30 June 2019. Refer to Note 1 for further detail.

The above statement of financial position should be read in conjunction with the accompanying notes.

Statement of changes in equity

	Year ended	
	30 June 2020 \$'000	30 June 2019 \$'000
Total equity at the beginning of the financial year	23,800	16,672
Reclassification due to AMIT tax regime implementation	-	-
Reclassification due to the issuance of second class of units*	(23,800)	-
Profit/(loss) for the year	-	1,497
Transactions with unit holders		
Applications	7	10,076
Redemptions	7	(3,788)
Reinvestment of distributions	7	339
Distributions paid and payable	7	(996)
Total transactions with unit holders	-	5,631
Total equity at the end of the financial year *	-	23,800

* Net assets attributable to unit holders are classified as liability at 30 June 2020 and as equity at 30 June 2019. Refer to Note 1 for further detail.

Under Australian Accounting Standards, net assets attributable to unit holders are classified as a liability rather than equity. As a result there was no equity at the start or end of the financial year.

The above statement of changes in equity should be read in conjunction with the accompanying notes.

Clime Australian Income Fund
Statement of cash flows
For the year ended 30 June 2020

Statement of cash flows

		Year ended	
		30 June	30 June
		2020	2019
	Note	\$'000	\$'000
Cash flows from operating activities			
Proceeds from sale of financial instruments at fair value through profit or loss		8,313	4,825
Payments for purchase of financial instruments at fair value through profit or loss		(19,724)	(9,933)
Interest income received from financial assets at fair value through profit or loss		586	495
Interest income received from financial assets at amortised cost		52	33
Dividends and distributions received		553	456
Other income received		75	4
Management fees paid		(348)	(246)
Transaction costs paid		(6)	(5)
GST paid		(1)	(3)
Other expenses paid		(111)	(24)

1. General information

These financial statements cover Clime Australian Income Fund (the "Fund") as an individual entity. The Fund is an Australian registered managed investment scheme which was constituted on 28 April 2015 and will terminate in accordance with the provisions of the Fund's Constitution or by Law.

The Responsible Entity of the Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975) (the "Responsible Entity"). The Responsible Entity's registered office is Level 1, 575 Bourke Street, Melbourne, VIC 3000. The financial statements are presented in the Australian currency unless otherwise noted.

The Fund seeks attractive returns, over the long term, through investing in a portfolio of Australian listed and unlisted securities that display low volatility traits.

The Fund invests in a diversified portfolio of companies listed on the Australian Securities Exchange, listed hybrids and fixed interest securities in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

A second class of units, named Retail Clients, has been issued on 1 July 2019 under a separate Product Disclosure Statement. As the Retail Class does not have identical class features to that of the Wholesale Class, the Fund no longer satisfies the criteria under AASB 132 *Financial Instruments: Presentation* that would allow it to classify net assets attributable to unit holders as equity. As at 30 June 2020, net assets attributable to unit holders are classified as liability.

The financial statements were authorised for issue by the directors on the date the Directors' declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

2. Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated in the following text.

a. Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001* in Australia. The Fund is a for-profit entity for the purpose of preparing the financial statements.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and liabilities and net assets attributable to unit holders.

The Fund manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within 12 months, however, an estimate of that amount cannot be determined as at reporting date.

In the case of net assets attributable to unit holders, the units are redeemed on demand at the unit holder's option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within 12 months cannot be reliably determined.

i. Compliance with International Financial Reporting Standards (IFRS)

The financial statements of the Fund also comply with IFRS as issued by the International Accounting Standards Board (IASB).

ii. New and amended standards adopted by the Fund

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2019 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

iii. New standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 July 2020 and have not been early adopted in preparing these financial statements.

None of these are expected to have a material effect on the financial statements of the Fund.

2. Summary of significant accounting policies (continued)

b. Financial instruments

i. Classification

- Financial assets

The Fund classifies its financial assets in the following measurement categories:

- those to be measured at fair value through profit or loss; and
- those to be measured at amortised cost.

The Fund classifies its financial assets based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets.

The Fund's portfolio of financial assets is managed and performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the Investment Manager to evaluate the information about these financial assets on a fair value basis together with other related financial information.

For equity securities and derivatives, the contractual cash flows of these instruments do not represent solely payments of principal and interest. Consequently, these investments are measured at fair value through profit or loss.

For debt securities, the contractual cash flows are solely payments of principal and interest, however they are neither held for collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund's business model's objective. Consequently, the debt securities are measured at fair value through profit or loss.

For cash and cash equivalents and receivables, these assets are held in order to collect the contractual cash flows and the contractual terms of these assets give rise on specified dates to cash flow that are solely payments of principal and interest on the principal amount outstanding. Consequently, these are measured at amortised cost.

- Financial liabilities

Derivative contracts that have a negative fair value are presented as liabilities at fair value through profit or loss.

For financial liabilities that are not classified and measured at fair value through profit or loss, these are classified as financial liabilities at amortised cost (distributions payable, payables and due to brokers).

ii. Recognition and derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in the fair value of the financial assets or financial liabilities from this date.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or the Fund has transferred substantially all the risks and rewards of ownership. Financial liabilities are derecognised when the obligation under the liabilities are discharged, cancelled or expired.

iii. Measurement

- Financial instruments at fair value through profit or loss

At initial recognition, the Fund measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of comprehensive income.

Subsequent to initial recognition, all financial assets and liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the 'financial assets or liabilities at fair value through profit or loss' category are presented in the statement of comprehensive income within net gains/(losses) on financial instruments at fair value through profit or loss in the period in which they arise.

For further details on how the fair values of financial instruments are determined please see Note 4 to the financial statements.

- Financial instruments at amortised cost

For financial assets and financial liabilities at amortised cost, they are initially measured at fair value including directly attributable costs and are subsequently measured according to their classification.

Cash and cash equivalents and receivables are carried at amortised cost.

2. Summary of significant accounting policies (continued)

b. Financial instruments (continued)

iv. Impairment

At each reporting date, the Fund shall measure the loss allowance on financial assets at amortised cost (cash and receivables) at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Fund shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the counter party, probability that the counter party will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that the asset is credit impaired. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the net carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

The expected credit loss (ECL) approach is based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Fund expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

v. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when the Fund has a legally enforceable right to offset the recognised amounts, and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

As at the end of the reporting period, there are no financial assets or liabilities offset or with the right to offset in the statement of financial position.

c. Net assets attributable to unit holders

Units are redeemable at the unit holders' option; however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unit holders.

The units are classified as financial liabilities as the Fund is required to distribute its distributable income in accordance with the Fund's Constitution.

The units can be put back to the Fund at any time for cash based on the redemption price which is equal to a proportionate share of the Fund's net asset value attributable to the unit holders.

The units are carried at the redemption amount that is payable at the reporting date if the holder exercises the right to put the units back to the Fund.

d. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as trading of these securities represent the Fund's main income generating activity.

e. Investment income

i. Interest income

Interest income from financial assets at amortised cost is recognised using the effective interest method and includes interest from cash and cash equivalents. Interest from financial assets at fair value through profit or loss is determined based on the contractual coupon interest rate and includes interest from debt securities.

The effective interest method is a method of calculating the amortised cost of a financial asset or liability and of allocating the interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial asset or liability. When calculating the effective interest rate, the Fund estimates cash flows considering all contractual terms of the financial instruments (for example, prepayment options) but does not consider future credit losses. The calculation includes all fees paid or received between the parties to the contract that are an integral part of the effective interest rate, including transaction costs and all other premiums or discounts.

2. Summary of significant accounting policies (continued)

e. Investment income (continued)

i. Interest income (continued)

Interest income on financial assets at fair value through profit or loss is also recognised in the statement of comprehensive income. Changes in fair value of financial instruments at fair value through profit or loss are recorded in accordance with the policies described in Note 2(b) to the financial statements.

ii. Dividends and distributions

Dividend income is recognised on the ex-dividend date with any related foreign withholding tax recorded as an expense. The Fund currently incurs withholding tax imposed by certain countries on investment income. Such income is recorded gross of withholding tax in the statement of comprehensive income.

Trust distributions are recognised on an entitlement basis.

f. Expenses

All expenses are recognised in the statement of comprehensive income on an accruals basis.

g. Income tax

Under current legislation, the Fund is not subject to income tax provided it attributes the entirety of its taxable income to its unit holders on present entitlement basis.

h. Distributions

The Fund may distribute its distributable income, in accordance with the Fund's Constitution, to unit holders by cash or reinvestment. The distributions are recognised in the statement of comprehensive income as finance costs attributable to unit holders.

i. Increase/decrease in net assets attributable to unit holders

Income not distributed is included in net assets attributable to unit holders. Where the Fund's units are classified as financial liabilities, movements in net assets attributable to unit holders are recognised in the statement of comprehensive income as finance costs.

j. Due from/to brokers

Amounts due to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by the end of the year. The due from brokers balance is held for collection and are recognised initially at fair value and subsequently measured at amortised cost.

k. Functional and presentation currency

Balances included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian dollar is also the Fund's presentation currency.

l. Receivables

Receivables may include amounts for interest, dividends and trust distributions. Dividends and trust distributions are accrued when the right to receive payment is established. Where applicable, interest is accrued on a daily basis. Amounts are generally received within 30 days of being recorded as receivables.

m. Payables

Payables include liabilities, accrued expenses owed by the Fund and any distributions declared which are unpaid as at the end of the reporting period.

A separate distribution payable is recognised in the statement of financial position.

Distributions declared effective 30 June in relation to unit holders who have previously elected to reinvest distributions are recognised as reinvested effective 1 July of the following financial year.

2. Summary of significant accounting policies (continued)

n. Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

o. Goods and services tax (GST)

The GST incurred on the costs of various services provided to the Fund by third parties such as management, administration and custodian services where applicable, have been passed on to the Fund. The Fund qualifies for Reduced Input Tax Credits (RITC) at a rate of at least 55%. Hence, fees for these services and any other expenses have been recognised in the statement of comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Amounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash flows relating to GST are included in the statement of cash flows on a gross basis.

p. Use of estimates and judgements

The Fund makes estimates, assumptions and judgements that affect the reported amounts of assets and liabilities within the next financial year. Estimates and judgements are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

For the majority of the Fund's financial instruments, quoted market prices are readily available. However, certain financial instruments, for example over-the-counter derivatives or unquoted securities, are fair valued using valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Investment Manager.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates and judgements. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

The Fund estimates the expected credit loss (ECL) using impairment model, which has not materially impacted the Fund. Please see Note 3 for more information on credit risk.

For more information on how fair value is calculated please refer to Note 4 to the financial statements.

r. Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest thousand dollars unless otherwise indicated.

s. Comparative revisions

Comparative information has been revised where appropriate to enhance comparability. Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

3. Financial risk management

The Fund's activities expose it to a variety of financial risks including market risk (which incorporates price risk and interest rate risk), credit risk and liquidity risk.

The Fund's overall risk management programme focuses on ensuring compliance with the Fund's Product Disclosure Statement and the investment guidelines of the Fund. It also seeks to maximise the returns derived for the level of risk to which the Fund is exposed and seeks to minimise potential adverse effects on the Fund's financial performance.

All securities investments present a risk of loss of capital. The maximum loss of capital on long equity and debt securities is limited to the fair value of those positions.

The investments of the Fund, and associated risks, are managed by a specialist Investment Manager, Clime Asset Management Pty Limited under an Investment Management Agreement (IMA) approved by the Responsible Entity, and containing the investment strategy and guidelines of the Fund, consistent with those stated in the Product Disclosure Statement.

The Fund uses different methods to measure different types of risk to which it is exposed. These methods are explained below.

3. Financial risk management (continued)

a. Market risk

i. Price risk

The Fund is exposed to price risk on equity securities, unit trusts, convertible notes and floating rate notes. Price risk arises from investments held by the Fund for which prices in the future are uncertain.

The Fund seeks to mitigate price risk by ensuring the Fund is managed in line with its IMA. The Investment Manager monitors the Fund on a regular basis.

The table at Note 3(b) summarises the sensitivities of the Fund's assets and liabilities to price risk. The analysis is based on the reasonably possible shift that the investment portfolio in which the Fund invests moves by +/-10% (2019: +/-10%).

ii. Interest rate risk

Interest rate risk management is undertaken by investing mainly in floating rate paper thus limiting the exposure of the Fund to interest rate risk.

The majority of the Fund's assets are held in equities which are non-interest bearing securities. Hence, the Fund is not exposed to significant interest rate risk. The impact of interest rate risk on net assets attributable to unitholders and operating profit is considered immaterial to the Fund.

b. Summarised sensitivity analysis

The following table summarises the sensitivity of the Fund's operating profit and net assets attributable to unit holders to market risks. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical levels of changes in interest rates and foreign exchange rates, historical correlation of the Fund's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market movements resulting from changes in the performance of and/or correlation between the performances of the economies, markets and securities in which the Fund invests. As a result, historic variations in risk variables should not be used to predict future variations in the risk variables.

	Impact on operating profit/loss and net assets attributable to unit holders	
	Price risk	
	-10%	+10%
	\$'000	\$'000
As at 30 June 2020	(3,092)	3,092
As at 30 June 2019	(2,103)	2,103

c. Credit risk

The Fund is exposed to credit risk, which is the risk that a counterparty will be unable to pay its obligations in full when they fall due, causing a financial loss to the Fund.

The main concentration of credit risk, to which the Fund is exposed, arises from the Fund's investment in debt securities. The Fund is also exposed to counterparty credit risk on cash and cash equivalents and other receivables.

The Fund determines credit risk and measures expected credit losses for financial assets measured at amortised cost using probability of default, exposure at default and loss given default. Management consider both historical analysis and forward looking information in determining any expected credit loss. At 30 June 2020 and 30 June 2019, all receivables, amounts due to brokers, cash and short-term deposits are held with counterparties with a credit rating of A- or higher and are either callable on demand or due to be settled within 3 weeks. Management consider the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Fund.

3. Financial risk management (continued)

c. Credit risk (continued)

i. Debt securities

The Fund invests in debt securities which are investment grade to high yield unrated notes to capital notes (hybrids securities). For all fixed income securities, they usually priced / trade at a margin above a reference rate, usually the 90 day Bank Bill Swap Rate (BBSW90). For fixed rate debt securities, this reference rate is determined when the debt was issued. For the Fund, most of the debt and fixed income securities we invest in are floating rate notes.

For investment grade debt papers, the Investment Manager adheres to the approach used by rating agencies and they usually trade at a margin over the reference rate, usually BBSW90 day.

Whilst the unrated debt securities are also priced against a reference rate, the Investment Manager required an additional screening / selection process. The Investment Manager tends to be very selective in the investment thesis, by that, only invest in securities issued by:

- a) companies with stable earnings or cash flow streams; e.g. U&I, REITs, healthcare and consumer staples companies only;
- b) companies which the company is listed and relatively more transparent as they would have been through a third-party independent audit of their financial accounts;
- c) companies where they are seeking average debt terms which are in the shorter end (up 4.5 years).

An analysis of debt by rating is set out in the table below:

	As at	
	30 June 2020	30 June 2019
	\$'000	\$'000
Fixed interest securities rating		
A to A+	1,493	-
BBB to BBB+	9,515	4,414
BB to BB-	1,324	998
B+	-	143
Non rated	4,062	3,594
Total	16,394	9,149

ii. Settlement of securities transactions

All transactions in listed securities are settled/paid for upon delivery using approved brokers. The risk of default is considered low, as delivery of securities sold is only made once the broker has received payment. Payment is made once the securities purchased have been received by the broker. The trade will fail if either party fails to meet its obligations.

iii. Cash and cash equivalents

The exposure to credit risk for cash and cash equivalents is low as all counterparties have a rating of A- (as determined by Standard & Poor's) or higher.

iv. Other

The Fund is not materially exposed to credit risk on other financial assets.

v. Maximum exposure to credit risk

The maximum exposure to credit risk before any credit enhancements at the end of each reporting period is the carrying amount of the financial assets. None of these assets are impaired nor past due but not impaired.

3. Financial risk management (continued)

d. Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

Exposure to liquidity risk for the Fund may arise from the requirement to meet weekly unit holder redemption requests.

Liquidity risk is managed by the Investment Manager, Clime Asset Management Pty Limited, who monitors the Fund's cash flow requirements daily in relation to the trading account taking into account upcoming distributions and trading activity. The Fund's listed equities and convertible notes are considered readily realisable as they are listed on the Australian Securities Exchange. The liquidity of all investments held by the Fund is reported to the Board on a quarterly basis.

In order to manage the Fund's overall liquidity, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unit holders. The Fund did not reject or withhold any redemptions during 2020 and 2019.

In order to manage the Fund's overall liquidity, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unit holders. The Fund did not reject or withhold any redemptions during 2020 and 2019.

i. Maturities of non-derivative financial liabilities

All non-derivative financial liabilities of the Fund in the current period have maturities of less than 1 month.

4. Fair value measurement

The Fund measures and recognises the financial assets and liabilities at fair value through profit or loss on a recurring basis.

- Financial assets/liabilities at fair value through profit or loss (see Note 6)

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair value measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The Fund values its investments in accordance with the accounting policies set out in Note 2 to the financial statements. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

a. Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets (such as listed equity securities) are based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

The quoted market price used for financial assets held by the Fund is the current bid price; the quoted market price for financial liabilities is the current asking price.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

4. Fair value measurement (continued)

b. Fair value in an inactive or unquoted market (level 2 and level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

Investments in unlisted unit trusts are recorded at the redemption value per unit as reported by the investment managers of such funds. The Fund may make adjustments to the value based on considerations such as: liquidity of the Investee Fund or its underlying investments, the value date of the net asset value provided, or any restrictions on redemptions and the basis of accounting.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions. The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

c. Recognised fair value measurements

The table below presents the Fund's financial assets and liabilities measured and recognised at fair value as at 30 June 2020.

	Level 1	Level 2	Level 3	Total
	\$'000	\$'000	\$'000	\$'000
As at 30 June 2020				
Financial assets				
Floating rate notes	16,224	170	-	16,394
Listed equity securities	10,393	-	-	10,393
Unlisted unit trusts	-	579	872	1,451
Convertible notes	2,506	176	-	2,682
Total financial assets	29,123	925	872	30,920
As at 30 June 2019				
Financial assets				
Floating rate notes	8,719	430	-	9,149
Listed equity securities	7,685	-	-	7,685
Unlisted unit trusts	-	1,199	450	1,649
Convertible notes	2,542	-	-	2,542
Total financial assets	18,946	1,629	450	21,025

4. Fair value measurement (continued)

d. Transfer between levels

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

The following table presents the transfers between levels for the year ended 30 June 2020 and 30 June 2019.

As at 30 June 2020	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000
Transfers between level 1 and level 2			
Convertible notes	(176)	176	-
Transfers between level 2 and level 1			
Fixed interest	121	(121)	-
Transfers between level 1 and level 2			
Fixed interest	(170)	170	-
As at 30 June 2019			
Transfers between level 1 and level 3			
Equity securities	(200)	-	200

At the end of the current reporting period, management have transferred the Fund's investments in fixed interest securities and convertible notes from level 1 to 2 on the fair value hierarchy on the basis that these securities were not actively traded.

e. Fair value measurements using significant unobservable inputs (level 3)

The following table presents the movement in level 3 instruments for the year ended 30 June 2020 by the class of financial instrument.

	Equity securities \$'000
Opening balance - 1 July 2018*	-
Transfers into/(out) from level 3	200
Purchases	250
Sales	-
Gains/(losses) recognised in the statement of comprehensive income	-
Closing balance - 30 June 2019*	<u>450</u>
Opening balance - 1 July 2019*	450
Transfers into/(out) from level 3	-
Purchases	450
Sales	-
Gains/(losses) recognised in the statement of comprehensive income	(28)
Closing balance - 30 June 2020*	<u>872</u>

* Includes unrealised gains or (losses) recognised in profit or loss attributable to balances held at the end of the reporting period.

i. Valuation inputs and relationships to fair value

The following table summarises the quantitative information about the significant unobservable inputs used in the level 3 fair value measurements. See Note 4(b) for the valuation techniques adopted.

Description	Fair value \$'000	Unobservable inputs	Range of inputs (probability- weighted average)	Relationship of unobservable inputs to fair value
As at 30 June 2020				
Unlisted unit trusts	872	Last market price	10%/(10%)	87/(87)
As at 30 June 2019				
Unlisted unit trusts	450	Last market price	10%/(10%)	45/(45)

4. Fair value measurement (continued)

e. Fair value measurements using significant unobservable inputs (level 3) (continued)

There were no significant inter-relationships between unobservable inputs that materially affect fair values.

ii. Valuation processes

Portfolio reviews are undertaken regularly by management to identify securities that potentially may not be actively traded or have stale security pricing. This process identifies securities which possibly could be regarded as being level 3 securities. Further analysis, should it be required, is undertaken to determine the accounting significance of the identification. For certain security types, in selecting the most appropriate valuation model, management performs back testing and considers actual market transactions. Changes in allocation to or from level 3 are analysed at the end of each reporting period and are disclosed in Note 4(d) above.

f. Financial instruments not carried at fair value

The carrying value of cash and cash equivalents, receivables and payables are assumed to approximate their fair values due to their short-term nature.

Net assets attributable to unit holders' carrying value differ from its fair value (deemed to be redemption price for individual units) due to differences in valuation inputs. This difference is not material in the current or prior year.

5. Net gains/(losses) on financial instruments at fair value through profit or loss

Net gains/(losses) recognised in relation to financial assets and liabilities at fair value through profit or loss:

	Year ended	
	30 June 2020 \$'000	30 June 2019 \$'000
Financial assets		
Net realised gain/(loss) on financial assets at fair value through profit or loss	74	97
Net unrealised gain/(loss) on financial assets at fair value through profit or loss	<u>(2,089)</u>	666
Net gains/(losses) on financial assets at fair value through profit or loss	<u>(2,015)</u>	763
Total net gains/(losses) on financial instruments at fair value through profit or loss	<u>(2,015)</u>	763

6. Financial assets at fair value through profit or loss

	As at	
	30 June 2020 \$'000	30 June 2019 \$'000
Floating rate notes	16,394	9,149
Listed equity securities	10,393	7,685
Unlisted unit trusts	1,451	1,649
Convertible notes	<u>2,682</u>	2,542
Total financial assets at fair value through profit or loss	<u>30,920</u>	21,025

An overview of the risk exposures and fair value measurements relating to financial assets at fair value through profit or loss is included in Note 3 and Note 4 to the financial statements.

7. Net assets attributable to unit holders - liability

A second class of units, named Retail Clients, has been issued on 1 July 2019 under a separate Product Disclosure Statement. As the Retail Class does not have identical class features to that of the Wholesale Class, the Fund no longer satisfies the criteria under AASB 132 *Financial Instruments: Presentation* that would allow it to classify net assets attributable to unit holders as equity. As at 30 June 2020, net assets attributable to unit holders are classified as a liability.

As a result of the reclassification to unit holders from equity to financial liabilities, the Fund's distributions are no longer classified as distributions paid in the statement of changes in equity, but rather as finance costs in the statement of comprehensive income.

Movements in the number of units and net assets attributable to unit holders during the year were as follows:

	Year ended		Year ended	
	30 June 2020	30 June 2020	30 June 2019	30 June 2019
	Units '000	\$'000	Units '000	\$'000
Wholesale Class				
Opening balance	21,143	23,800	15,199	16,672
Applications	14,559	16,592	9,066	10,076
Redemptions	(2,159)	(2,392)	(3,430)	(3,788)
Reinvestment of distributions	438	487	308	339
Increase/(decrease) in net assets attributable to unit holders	-	(2,068)	-	-
Distributions paid and payable	-	-	-	(996)
Profit/(loss) for the year	-	-	-	1,497
Closing balance	33,981	36,419	21,143	23,800
Retail Class				
Opening balance	-	-	-	-
Applications	1,401	1,390	-	-
Redemptions	(11)	(9)	-	-
Reinvestment of distributions	8	7	-	-
Increase/(decrease) in net assets attributable to unit holders	-	(60)	-	-
Distributions paid and payable	-	-	-	-
Profit/(loss) for the year	-	-	-	-
Closing balance	1,398	1,328	-	-
Closing balance		37,747		23,800

As stipulated within the Fund Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets of the Fund.

There are two separate classes of units as at 30 June 2020. Each unit has the same rights as all other units within that class. Each unit class has a different management fee rate.

Units are redeemed on demand at the unit holder's option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within twelve months after the end of the reporting period cannot be reliably determined.

Capital risk management

The Fund considers its net assets attributable to unit holders as capital, notwithstanding that net assets attributable to unit holders are classified as a liability. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unit holders.

Daily applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a daily basis by the Responsible Entity. Under the terms of the Fund's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unit holders.

8. Distributions to unit holders

The distributions declared for the year were as follows:

	Year ended		Year ended	
	30 June 2020 \$'000	30 June 2020 CPU	30 June 2019 \$'000	30 June 2019 CPU
Distributions - Wholesale Class				
September	124	0.5160	128	0.8045
December	202	0.7480	164	0.8859
March	141	0.4215	157	0.8096
June (payable)	420	1.2385	547	2.5854
Total distributions	887	2.9240	996	5.0854
Distributions - Retail Class				
September	-	0.0034	-	-
December	5	0.5571	-	-
March	5	0.3720	-	-
June (payable)	15	1.0446	-	-
Total distributions	25	1.9771	-	-
Total distributions	912		996	

9. Cash and cash equivalents

	As at	
	30 June 2020 \$'000	30 June 2019 \$'000
Cash at bank	7,624	3,184
Total cash and cash equivalents	7,624	3,184

10. Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

a. Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	Year ended	
	30 June 2020 \$'000	30 June 2019 \$'000
Profit/(loss) for the year	-	1,497
Increase/(decrease) in net assets attributable to unit holders	(2,128)	-
Distributions to unit holders	912	-
Proceeds from sale of financial instruments at fair value through profit or loss	8,313	4,825
Payments for purchase of financial instruments at fair value through profit or loss	(19,724)	(9,933)
Net (gains)/losses on financial instruments at fair value through profit or loss	2,015	(763)
Net change in receivables	(11)	(31)
Net change in payables	12	7
Net cash inflow/(outflow) from operating activities	(10,611)	(4,398)

b. Non-cash operating and financing activities

The following distribution payments to unit holders were satisfied by the issue of units under the distribution reinvestment plan.

	494	339
Total non-cash operating and financing activities	494	339

11. Receivables

	As at	
	30 June	30 June
	2020	2019
	\$'000	\$'000
Dividends and distributions receivable	101	88
Interest receivable	65	68
GST receivable	8	7
Total receivables	174	163

12. Payables

	As at	
	30 June	30 June
	2020	2019
	\$'000	\$'000
Management fees payable	31	21
Responsible Entity fees payable	3	-
Recoverable fees payable	3	4
Total payables	37	25

13. Remuneration of auditor

During the year the following fees were paid or payable for services provided by the auditor of the Fund:

	Year ended	
	30 June	30 June
	2020	2019
	\$	\$
Pitcher Partners Sydney		
<i>Audit and other assurance services</i>		
Audit and review of financial statements	14,900	8,100
Total remuneration for audit and other assurance services	14,900	8,100
<i>Taxation services</i>		
Tax compliance services	7,900	7,900
Total remuneration for taxation services	7,900	7,900
Total remuneration of Pitcher Partners Sydney	22,800	16,000
PricewaterhouseCoopers		
<i>Audit and other assurance services</i>		
Audit of compliance plan	3,500	1,800
Total remuneration for audit and other assurance services	3,500	1,800

The auditor's remuneration is borne by the Responsible Entity. Fees are stated exclusive of GST.

14. Related party transactions

The Responsible Entity of Clime Australian Income Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975). Accordingly, transactions with entities related to Equity Trustees Limited are disclosed below.

The Responsible Entity has contracted services to Clime Asset Management Pty Limited, to act as Investment Manager for the Fund, JPMorgan Chase Bank, N.A. to act as Custodian for the Fund and Mainstream Fund Services Pty Ltd to act as Administrator for the Fund. The contracts are on normal commercial terms and conditions.

14. Related party transactions (continued)

a. Key management personnel

i. Directors

Key management personnel includes persons who were directors of Equity Trustees Limited at any time during or since the end of the financial year and up to the date of this report.

Philip D Gentry	(Chairman)
Harvey H Kalman	(resigned 1 September 2020)
Ian C Westley	(resigned 3 July 2020)
Michael J O'Brien	
Russell W Beasley	(appointed 1 September 2020)

ii. Other key management personnel

There were no other key management personnel with responsibility for planning, directing and controlling the activities of the Fund, directly or indirectly during the financial year.

b. Transactions with key management personnel

There were no transactions with key management personnel during the reporting period.

c. Key management personnel unit holdings

Key management personnel did not hold units in the Fund as at 30 June 2020 (30 June 2019: nil)

d. Key management personnel compensation

Key management personnel are paid by EQT Services Pty Ltd. Payments made from the Fund to Equity Trustees Limited do not include any amounts directly attributable to the compensation of key management personnel.

e. Key management personnel loans

The Fund has not made, guaranteed or secured, directly or indirectly, any loans to key management personnel or their personally related entities at any time during the reporting period.

f. Other transactions within the Fund

Apart from those details disclosed in this note, no key management personnel have entered into a material contract with the Fund during the financial year and there were no material contracts involving management personnel's interests existing at year end.

g. Responsible Entity fees, Investment Manager's fees and other transactions

Under the terms of the Fund's Constitution and Product Disclosure Statement for the Fund, the Responsible Entity and the Investment Manager are entitled to receive management fees. The Investment Manager is also entitled to receive performance fees.

The transactions during the year and amounts payable as at year end between the Fund, the Responsible Entity and the Investment Manager were as follows:

	Year ended	
	30 June 2020	30 June 2019
	\$	\$
Management fees for the year	326,148	209,734
Recoverable fees for the year	(74,064)	42,592
Responsible Entity fees for the year*	33,518	-
Management fees payable at year end	30,557	20,531
Recoverable fees payable at year end	3,297	4,156
Responsible Entity fees payable at year end	3,156	-

14. Related party transactions (continued)

g. Responsible Entity fees, Investment Manager's fees and other transactions (continued)

For information on how management and recoverable fees are calculated please refer to the Fund's Product Disclosure Statement.

The management fees borne by the Fund are paid to the Investment Manager, who in turn provides the on-payment of the fees to the respective service providers. Expense recoveries include Responsible Entity fees, Custodian and Administrator fees and other expenses.

*Equity Trustees Limited became the Responsible Entity of the Fund on 3 May 2019.

Investment management fees reimbursed represent monies put into the Fund to ensure that the Fund's overall management costs remain within that disclosed in the Product Disclosure Statement.

h. Related party unit holdings

Parties related to the Fund (including Equity Trustees Limited, its related parties and other schemes managed by Equity Trustees Limited and the Investment Manager) held no units in the Fund as at 30 June 2020 (30 June 2019: nil).

i. Investments

The Fund did not hold any investments in Equity Trustees Limited or its related parties during the year (2019: nil).

15. Events occurring after the reporting period

No significant events have occurred since the end of the year which would impact on the financial position of the Fund as disclosed in the statement of financial position as at 30 June 2020 or on the results and cash flows of the Fund for the year ended on that date.

16. Contingent assets and liabilities and commitments

There were no outstanding contingent assets, liabilities or commitments as at 30 June 2020 and 30 June 2019.

Directors' declaration

In the opinion of the directors of the Responsible Entity:

- a. The financial statements and notes set out on pages 6 to 26 are in accordance with the *Corporations Act 2001*, including:
 - i. complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - ii. giving a true and fair view of the Fund's financial position as at 30 June 2020 and of its performance for the financial year ended on that date.
- b. There are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable; and
- c. Note 2(a) confirms that the financial statements also comply with the International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the directors of Equity Trustees Limited through a delegated authority given by Equity Trustees Limited's Board.

Philip D Gentry
Chairman

Melbourne
23 September 2020

**Independent Auditor's Report
To the Unitholders of Clime Australian Income Fund
ARSN 633 255 099****Report on the Audit of the Financial Report***Opinion*

We have audited the financial report of Clime Australian Income Fund ("the Fund"), which comprises the statement of financial position as at 30 June 2020, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and the Directors' Declaration.

In our opinion:

- a. the financial report of the Fund has been prepared in accordance with the *Corporations Act 2001*, including:
 - i. giving a true and fair view of the Fund's financial position as at 30 June 2020 and of its financial performance for the year then ended; and
 - ii. complying with Australian Accounting Standards and *Corporation Regulations 2001*; and
- b. the financial report also complies with International Financial Reporting Standards as disclosed in Note 2(a).

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement. Our responsibilities under those standards are further described in the Auditor's Responsibility section of our report. We are independent of the Fund in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Directors of Equity Trustees Limited, the Responsible Entity of the Fund, are responsible for the other information. The other information comprises the information in the Fund's annual report for the year ended 30 June 2020, but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially consistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Directors' of the Responsible Entity's Responsibility for the Financial Report

The Directors of the Responsible Entity of the Fund, are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*. In Note 2(a), the Directors of the Responsible Entity also state, in accordance with applicable Australian Accounting Standards and Interpretations that the financial statements comply with International Financial Reporting Standards. The Directors of the Responsible Entity's responsibility also include such internal control as they determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors of the Responsible Entity are responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors of the Responsible Entity either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors of the Responsible Entity regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
